## CONNECTING TO THE INTERNET USING WLAN

---

NOTE: The range and quality of the WLAN signal is affected by the distance between the phone and the wireless router, the number of connected devices, infrastructure, and objects through which the signal is transmitted.

1. Tap  *Settings - WIRELESS & NETWORKS - WLAN.*
2. Enable WLAN by moving the slider to On position. The phone scans for WLAN networks in range.
3. Tap the network you want to connect to.
4. Type a password (if connecting to a secure network) and tap Connect to connect to the selected WLAN network.

*NOTE: To connect to a secured WLAN network, you must provide the security key. If you do not have the security key, contact the person who manages your WLAN network or the router manufacturer.*

*NOTE: To start a new search for available WLAN networks, on the WLAN screen, tap  Scan*

## CONNECTING TO THE INTERNET USING MOBILE BROADBAND

---

- 1.** Tap  *Settings - WIRELESS & NETWORKS - WLAN*, then touch *WLAN* to disable it.
- 2.** The phone automatically searches for the carrier signal and connects to the network. When the phone is connected to a mobile broadband network, the network type appears in the status bar.

NOTE: On the LTE/HSPA+ models, if both WLAN and mobile broadband networks are available, the phone gives priority to WLAN connection.

## **SAFETY INFORMATION**

The following list shows how to maintain your phone, together with precautions to take.

- Keep your phone and its accessories out of the reach of pets.
- Do not allow children to use your phone. If children use the device, make sure that they use the phone properly.
- Maintain your phone in dry conditions and keep it within normal operating temperatures.
- Do not use or store your phone in dusty or dirty areas.
- Do not attempt to disassemble your phone
- Do not drop or cause severe impact to your phone.
- Do not use chemical products, cleaning solvents or detergents to clean your phone.
- If your phone does not work properly, contact your dealer immediately.
- Use only authorized batteries, battery chargers and accessories. Any malfunction or damage caused by the use of unauthorized batteries, battery chargers and accessories will void the limited product warranty.

**CAUTION:** We do not assume any responsibility for the failure to comply with the guidelines described above or for inappropriate use of the Smartphone. We reserve the right to make changes to any of the contents of this manual without notice. The contents of this manual may differ from the actual content displayed on the Smartphone. In which case the latter should prevail.
